Center for Law and Social Work Is Now Greenlight Family Services

Dear Friend,

I am heartbroken and without words as I watch the news. I imagine many of us feel so helpless and deeply saddened by what we have seen, witnessed, and observed. I lit my candle for all affected by this violence and hope for a peaceful ending. I realize these words will definitely fall short based on the depth of this situation.

Greenlight Family Services, formerly Center for Law and Social Work, continues to provide uninterrupted services to the state of Illinois. After its launch on May 1st, Greenlight has emerged from the midst of the pandemic stronger than ever. The last few months have been both long and demanding as people across the country work to overcome challenges in their professional and personal lives. Considering the hardship faced by so many, it has become ever more important to continue to provide services. With so many doors closed, it's imperative that families, children, and young adults still have a place to call for answers and to receive the help they need.

Greenlight continues to create and preserve families through adoption, guardianship, post-adoption and legal services. It offers long term campus sexual assault counseling services that provide hope. Greenlight gives the resources one needs to begin their new journey.

Please support Greenlight Family Services on its newest journey, and don't forget to visit

our new website.

While practicing social distancing...

Greenlight is providing remote counseling sessions!

Following strict stay at home orders should not mean that college survivors of sexual assault should have to put their lives on hold. Greenlight Counseling, formerly Porchlight Counseling Services, has made certain that qualified counselors are available to students through remote counseling sessions.

Greenlight is matching children to their forever families!

Every day, Greenlight answers calls from individuals and couples interested in opening their hearts and their homes to a child currently in foster care. Greenlight employs a team of Family Development Specialists and Certified Dave Thomas' Wendy's Wonderful Kids Foundation Child-Centered Recruiters to help answer any questions for prospective adoptive families.

Greenlight is providing post adoption services!

Greenlight provides post adoption services to families who have adopted a child who was previously in the Illinois foster care system. Post adoption services strengthen families by providing them with the support of qualified and licensed social workers.

These services include educational advocacy, short term grief counseling, short term guardianship, and more!
